

6th Nerve- and Muscle Ultrasound Teaching Course Lucerne – Lu-NUT

6th Nerve and Muscle Ultrasound Teaching Course January 31st and February 1st 2020, Lucerne

It's our great pleasure to announce the sixth Nerve- and Muscle ultrasound Teaching Course, Lucerne (Lu-NUT) which will take place January 31st and February 1st and 2nd 2020.

As with our previous teaching courses, **Prof Einar Wilder Smith**, Kantonsspital Lucerne Switzerland, University Medical Centre, Yong Loo Lin School of Medicine, National University Singapore and **Prof Dr. Alexander Grimm** (DEGUM instructor), senior consultant, University of Tübingen, as well as our local anaesthetist senior consultant **Dr. David Lorenzana** (SGUM instructor) and senior consultant **Dr. Anne-Kathrin Peyer** will guide you through the rapidly evolving application of ultrasound in neuromuscular disorders and neurotraumatology.

We will start off with lectures on basic and advanced anatomy (including Live Demos) before covering lectures on common and uncommon nerve entrapments, neurotraumatology, dysimmune and hereditary neuropathies and the application of muscle ultrasound in neuromuscular diseases. We are happy to welcome again as guest speakers **Dr. Maria Teresa Pedro**, specialist in peripheral nerve surgery, University of Ulm, Günzburg, **Dr. Michael Ho**, Neuroradiologist, Zurich, on the value of MR Neurography, **Dr. Paolo Ripellino**, Neurologist, Ospedale Civico, Lugano and **Dr. Giorgio Tamborrini-Schütz**, Rheumatologist and US specialist Basel (SGUM instructor), on the rheumatologist's perspective of ultrasound.

We welcome all interested neurologists (resident or specialist), neuropediatricians, radiologists, anesthetists and peripheral nerve surgeons etc. to participate at the course. Emphasis is on practical teaching lessons studying normal and pathological findings (invited patients).

The number of participants is limited to 20 participants in order to ensure a high learning effect (4 participants per unit and teacher).

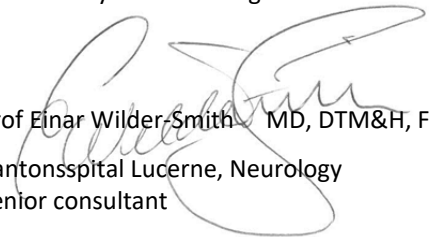

Registration is soon available at:

<https://www.luks.ch/lunut20>

Costs: Medical Assistants CHF 450.00, other participants CHF 600.00.

DEGUM/SGUM certified. SNG credits guaranteed. Course language: English

We are very much looking forward to another lively and instructive interdisciplinary event.
