

Wednesday – 08.09.2021

- 08:30 – 09:30 Registration
- 09:30 – 09:45 Opening Speech: P. Szavay
- 09:45 – 11:15 **Laparoscopy**
- **Session Chair: C. Esposito, U. Subotic**
 - Invited Guest Lecture: Application of ICG in pediatric laparoscopy – C. Esposito, Neapel
 - Open versus Laparoscopic Pyloromyotomy – F. Lungler *Prix Nachwuchs*
 - Surgical simulation of pediatric laparoscopic dismembered pyeloplasty: reproducible high-fidelity animal-tissue model – T. Jhala *Prix Nachwuchs*
 - Heterogeneous tumors of the adrenal gland: Indication for laparoscopic resection - S.J. Gros
 - Laparoscopic ureteroureterostomy versus common sheath ureteral reimplantation in children with duplex kidney anomalies – T. Gerwinn
 - Case presentation – foreign body ingestion - M. Gradwell
- 11:15 – 11:30 *Coffee Break*
- 11:30 – 12:15 **Thoracoscopy**
- **Session Chair: F.-M. Häcker, P. Szavay**
 - To cross or not to cross - Die Cross Bar-Technik bei Pectus excavatum mit bilateralem „Costal Flaring“ – F.-M. Häcker
 - Thoracoscopic resection of pulmonary sequestration: unusual findings - J. Aichner
 - Thoracoscopic resection of a foregut duplication cyst with linear-5mm stapler in an infant – A Case Report - M. Da Col
- 12:15 – 13:30 *Lunch Break - Forum junger Kinderchirurg*innen*
- 13:30 – 15:00 **Prix Nachwuchs**
- **Session Chair: B. Wildhaber, S. Gros**
 - Spheroids of bladder smooth muscle cells for bladder tissue engineering – T. Gerwinn
 - True brachial aneurysm associated with traumatic birth and labor arrest: a case report of a 15 month old child – E. Betancor
 - Inhibition of Carbonic Anhydrase IX with SLC-0111 in Neuroblastoma - Preclinical evaluation of SLC-0111 in vitro and in the perfusion-based bioreactor slice culture for neuroblastoma – R.Bilang
 - Demographic description of omphaloceles in western Switzerland: a retrospective study 1998 – 2018 – G. Parata
 - Nano Dots - Mega Trouble? Magnet Ingestion in Children, a Single Center Experience – S.R. Bloesch
- 15:00 – 15:30 *Coffee Break*
- 15:30 – 17:15 General Assembly
- 18:00 Departure Ferry to LIDO Beach-House
- 19:00 Social Event LIDO Beach-House

In order to be able to conduct a safe conference during the ongoing Corona Pandemic, we would like to point out that the presentation of a **valid COVID certificate** on the day of the congress is absolutely necessary!

Thursday – 09.09.2021

08:30 – 09:00 Registration

09:00 – 09:45 **Gender (in)equality in pediatric surgery?**

- **Session Chair: A. Hölscher**
- Invited Guest Lecture: Gender (in)equality in pediatric surgery! - B. Wildhaber, Geneva
- Does gender influence career chances in pediatric surgery? – L. Heuer/J. Küppers

09:45– 11:15

Neurosurgery

- **Session Chair: B. Liniger, M. Lehner**
- Invited Guest Lecture: Minimally invasive pediatric neurosurgery – M. Lehner, Luzern
- Endoscopic ventriculostomy for holoprosencephaly and obstructive hydrocephalus – M. Nakhleh, A. Mack
- Prenatal versus postnatal Spina Bifida Repair – the Zurich Single Center experience on Hydrocephalus and Cerebrospinal Fluid Diversion – S. Schauer
- Endoscopy-assisted craniostomy surgery – experience and preliminary results of the Bernese Children’s Hospitals – a retrospective analysis – B. Liniger
- Further limiting radiation exposure in children treated for hydrocephalus – L. Schabl
- Der besondere Verlauf bei einem Kind mit Sagittalnahtsynostose – P. Heinz
- Prognostic parameters for shunt survival in children with hydrocephalus – D. Wendling-Keim

11:15 – 11:30

Coffee Break

11:30 – 13:00

Arthroscopy and Traumatology

- **Session Chair: C. Aufdenblatten, R. Sossai**
- Invited Guest Lecture: Special aspects in arthroscopy in children - C. Aufdenblatten, Zürich
- Diagnostic tools and treatment decisions in fracture associated peripheral nerve injuries of the upper extremity: how we do it – C. Matissek
- Displaced femoral neck fracture (AO31B2.1) in an adolescent treated with the minimally invasive femoral neck system (FNS) – N. Floimayr
- The Use of (MAGNEZIX®) bioresorbable screws for limb fractures in childhood and adolescence – T. Krebs
- Conservative treatment versus suture re-fixation of the nail plate in fingernail avulsion injuries in children: a prospective controlled trial – M. Seiler, U. Kennedy
- Osteosarcoma and Ewing’s Sarcoma – P.-Y. Zambelli

13:00 – 13:30

Honorary Lecture – M. Meuli, Zürich

13:30 – 14:30

Lunch Break

14:45 – 16:30

Varia

- **Session Chair: M. Schumacher, T. Krebs**
- Gastric volvulus in patients with congenital diaphragmatic hernia (CDH) - Is it really so rare? – F. Schuepbach
- Assessment of gastric motility in preterm neonates using Magnet Tracking System: a feasibility study – E. Stathopoulos
- Cholangitis in biliary atresia: clinical impact of a clear definition and management guidelines – A.M. Calinescu
- Partial segment Ivb resection during the hepato-porto-enterostomy for biliary atresia – A.M. Calinescu
- Urolithiasis im Kindes- und Jugendalter – minimalinvasive Therapie und Guidelines – A.C. Hölscher

15:15 – 15:30

Coffee Break

- Successful treatment of a single giant renal cyst in a newborn with drainage and sclerotherapy – a case report – H.L. Luz
- The impact of global pandemics on patients with acute appendicitis – R. Baertschiger
- Congenital duodenojejunal fistula in a 3-year-old child: A Case Report – M. Boudewijns
- Sinus pilonidalis, a current review in a children’s hospital – V. Exler
- Hypoxia and AQP1 contribute to the metastasis in neuroblastoma – Z. Huo

16:30 – 17:00

Prix Nachwuchs – Award Ceremony

17:00

Closing Remarks
