First Swiss Masterclass in

neonatal point-of-care ultrasound

with Professor Maria Fraga, MD

Attending neonatologist at Children's Hospital of Philadelphia CHOP

Professor of Pediatrics at Perelman School of Medicine, University of Pennsylvania

Director Neonatal Point of Care Ultrasound Program, Children's Hospital of Philadelphia

Dear colleagues

It is our great pleasure to invite you to the «first Swiss masterclass in neonatal point-of-care ultrasound» with Professor Maria Fraga, supported by CHIESI. Professor Fraga is an international expert in the field of neonatal point of care ultrasound (POCUS) and the director of the point of care ultrasound program at The Children's Hospital of Philadelphia.

This masterclass focuses on neonatal applications of lung ultrasound including ultrasound guided surfactant replacement. Furthermore, the course is intended to teach useful POCUS skills for neonatologists like ultrasound guided vascular access and procedural ultrasound.

We are very happy to have the participation of such a well known international expert. The course is free of charge and open to all Swiss NICUs. Please register online until May 1st.

We are looking forward to welcoming you to Lucerne soon!

Kind regards

Prof Martin Stocker, MD

Annique Weise-Roggen, MD

Catherine Chevalier, RN
CHIESI SA

Program

Thursday, May 23th, 14:00 – 17:00
